

## *Christmas 2011*

*Christmas Greetings from the Duncan household!*

*Katy finished school at Azusa Pacific University (May 2010) and moved home. She works at Von's grocery and is working on a handmade jewelry business: <http://www.etsy.com/shop/destinedstudios> .*

*Viannah works at the La Canada Flintridge Starbucks. They both take classes at Glendale Community College and sing with Concert Singers there.*

*John is engaged to be married to Trisha Kelley June 10, 2012, in Waco and plans to finish his geology degree at Baylor University during the next school year.*

*Viann still teaches Psychiatric Nursing at Azusa Pacific University and continues to work on her PhD.*

*Courtney's mother Louellyn moved here in August. We're making another trip in January to bring some more things from the house in Hillsboro, Texas, where she lived for nearly 30 years. Things are going well.*

*The twin GRAIL Spacecraft that Courtney worked on at JPL, arrive at the moon on 12/31/11 and 01/01/12. His "GPS Waveforms for CoNNeCT" will be uploaded to the International Space Station sometime in 2012. He also helps as the space business branches into very small spacecraft, having had some experience on the topic.*

*We hope that this finds you all well and that you experience God's peace in this Christmas season and throughout the coming years. Let us hear from you!*
